Recommendation letter for Ms. Olga Kozyrenko

Hilversum, April 7, 2020

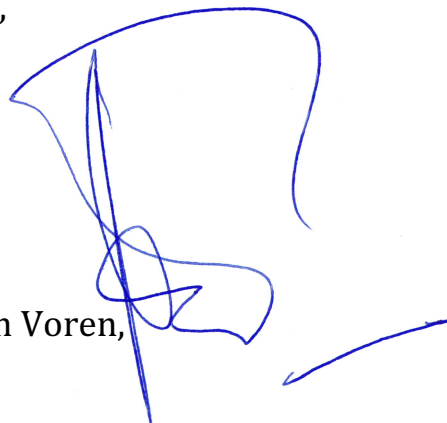

L.S.,

With this letter I would like to highly recommend Ms. Olga Kozyrenko of Kyiv, Ukraine, as a manager in the field of non-governmental and charitable organizations. I have been working closely with Ms. Kozyrenko for more than six years and we have developed a wide range of charitable projects during that period, ranging from cultural events with a charitable character (e.g. Sakharov Memorial Concerts in Kyiv and at the Odessa Philharmonic and Odessa Opera in 2016-2029) to support programs for psychoneurological internats and mental health care services, as well as visibility programs, press-conferences, seminars and other meetings.

Ms. Kozyrenko is a highly professional and dedicated worker, with a lot of creativity and inventiveness, with whom working has always been a great pleasure. She is absolutely reliable, always delivers on time, and never had a problem with working after-hours. She is a very inspiring colleague.

/I can always be contacted for further information and questioning.

Sincerely yours,

Prof. Robert van Voren,  
Chief Executive
